

INDOLENT

The character is far more concerned with their own pleasures and comfort. Work is something to be done tomorrow or better yet by someone else. They are not entirely lazy or selfish, but a strange mixture of the two. To the character, everything is just too much effort, and they are just too busy to do anything but pursue their own pleasures. Whenever the character is engaged in some leisure pastime, they suffer -2 to any action that interrupts their 'relaxation time'.
