

# LAST OF MY KIND

**Prerequisite:** Alien Being the last of your kind can be a burden as well as lonely. To know that there is no one else like you out there, and that an entire race dies when you do.

## Effect

Last of My Kind is a Minor Bad Trait, and has the prerequisite of the 'Alien' Special Trait (unless, during the course of the game, every other human in the universe is wiped out... but that's what the Doctor's around for, to prevent things like that happening!). As the last of their kind, the character can often get moody and depressed, and needs the companionship of others to stop the weight of the responsibility and loneliness from getting too much. When travelling alone, the depression can affect everything the character does, imposing a -2 penalty on every action unless engaged in combat. At particularly bad times, the Gamemaster may impose this penalty even when travelling with others - for example when reminded of their situation, anniversaries of the destruction of their homeworld, or similar.
