

REVERSE THE POLARITY OF THE NEUTRON FLOW

Those with a particular genius for science have an innate understanding of the ebb and flow of energy and can make intuitive leaps that allow them to solve scientific and technological problems through unusual applications of that energy.

Effect

This trait may be used once per adventure. After the character has failed a roll using the Science or Technology skill, the player may declare they are “Reversing the polarity of the neutron flow” and turn the result into an automatic Fantastic Success.
