

BRAVE

Most TARDIS units take a logical approach to the use of the HADS system, dematerializing the moment the probability of damage reaches 51%. This TARDIS, however, has experienced some of the most dangerous circumstances the universe can throw at it and is willing to stay put until the last moment in order to avoid abandoning its operator at an unfortunate moment.

Effect

Whenever the Gamemaster determines that the HADS System will be activated, the TARDIS can make a Resolve Roll with a +2 Bonus to delay the activation until the operator returns or the TARDIS is threatened with extreme damage or destruction. This Trait reduces the TARDIS' Story Point total by 1 and cannot be taken with the Cowardly Trait.
