

# UNATTRACTIVE

For every stunningly gorgeous individual there are those whose faces do not launch a thousand Jathaa Sungliders or stop traffic on the New New York motorways (unless that face is the Face of Boe). They're not necessarily ugly or hideous, but their looks may hinder when it comes to some social situations.

## Effect

The trait comes into play whenever doing something that their looks can influence, suffering a -2 penalty to rolls. On rare occasions, their appearance (especially if it is somewhat menacing, such as scarred) can provide a +2 bonus if they are trying to intimidate someone. For the Major Bad version, the penalty is -4 and the bonus is +4.

## Note

Cannot be taken with the [Attractive](#) Good Trait.
