

# WANTED

You are actively hunted by a group. They may believe you have committed a crime, but they might just as easily want to worship you as the chosen one. Either way, you don't want them to catch up with you.

## Effect

As a Minor Bad Trait the group will sometimes come across you, but they have limited resources and are unable to send a large force to bring you in. As a Major Trait the group are very powerful, and if they catch up with you, you are as good as captured.
